COMMUNITY NEWS

3. Be that as it may, I wish to take the opportunity, at this time, to thank you again for your wonderful assistance along the whole way, in helping us victims of the "Mentone Gardens" fiasco, including the woeful performance of the Department of Health throughout. But, in addition to that broadband acknowledgement, I wish to thank you especially for enabling Rose and myself to eventually retrieve our losses, as the outcome of your forthright recommendation to Parliament and, per se, to the Government, to reimburse each resident victim for his/her "bonds funds" loss. In the process, you certainly fulfilled every victim's expectation of you as the potential "Defender of the People" in this venture.
